

NOTED GAMBLER KILLED

SHOT DOWN IN STREET BY AN UNKNOWN PERSON. Plucky Farmer Boy Knocks Down a Highwayman—Woman Drinks Carbolio Acid—Indiana Obituary.

Special to the Indianapolis Journal. WASHINGTON, Ind., Oct. 5.—Thomas Tolliver, a widely known gambler, was shot and killed in front of a saloon on Main street, to-night. The street fair is going on, and thousands of people were on the streets. Two shots were fired, and people were so excited that they became panic-stricken. The second shot struck Joe Slawson, an innocent bystander, and he received a wound that may prove fatal.

Boy Beat Off a Bandit. UNION CITY, Ind., Oct. 5.—A desperado attacked William McKinley, a farmer's son, fifteen years old, near this city this evening, and got the worst of it. McKinley was driving a team, when the highwayman sprang out from a clump of trees, and presenting a revolver, ordered the boy to give up his money.

Woman Drank Carbolio Acid. LOGANSPORT, Ind., Oct. 5.—Mrs. Cornelia Kenzie, wife of a well-to-do Dunkard farmer, living near Adamsport, committed suicide yesterday by taking carbolio acid. Early in the morning Mrs. Kenzie left the house and shortly after noon was found lying in the woods, some distance from the house, in an unconscious condition, an empty vial of carbolio acid by her side. She was taken home, where she died last night.

Farmer Died as a Result of Beating. SULLIVAN, Ind., Oct. 5.—John Arnett and Levi Cox, farmers of Hill township, fought in a saloon on the Wabash, fifteen miles west of this place, yesterday afternoon. Cox knocked Arnett down and then stamped his body until he was unconscious. After recovering, Arnett started home, but fell from his wagon a short distance from the saloon, and in an attempt to get up he died of internal injuries inflicted by Cox. Cox escaped.

Drowned in a Well. GENEVA, Ind., Oct. 5.—James McCullen, twenty-three years old, living in Jay county, three miles south of here, in a delirium of mind, was drowned in a well at 7 o'clock this evening, and jumped in a well, drowning in twenty-five feet of water.

Indiana Obituary. J. K. Kelly, prominent stockman and manufacturer, died. KOKOMO, Ind., Oct. 5.—J. K. Kelly, one of the oldest stockmen and manufacturers of Howard county, died this morning of cancer of the stomach after a prolonged illness. Mr. Kelly was one of the best known live stock men in this section of Indiana. He leaves a family well circumstanced. He was a member of several secret orders. The funeral will be held Sunday afternoon.

Other Deaths in the State. RICHMOND, Ind., Oct. 5.—Peter Karch, aged seventy-two years, died this morning at his home in Centerville. He was a member of the Fifty-Seventh Indiana Regiment. Adam Stark, an aged and prominent resident, died last night. His body will be taken to the former home.

Weather Forecast. Generally Fair To-Day, with a Prospect for Showers To-Morrow. WASHINGTON, Oct. 5.—Forecast for Saturday and Sunday: Fair to clear; increasing cloudiness on Saturday, probably with showers in western portion; fresh southerly winds.

Local Observations on Friday. Bar. Ther. W. H. Wind. P. W. Clear. 74. m. 30.0 70. 3. S. 0.0 0.0. 74. m. 29.8 69. 3. S. 0.0 0.0. Maximum temperature, 85; minimum temperature, 65.

North Platte, Neb. 74. Omaha, Neb. 74. Pittsburgh, Pa. 74. St. Louis, Mo. 74. St. Paul, Minn. 74. Springfield, Ill. 74. Vicksburg, Miss. 74. Washington, D. C. 74.

750,000 TONS OF COAL

ENGLISH SYNDICATE CONTRACTS FOR THE ALABAMA OUTPUT. ROW IN BAPTIST MEETING. The Rev. Mr. Hanna Attacked the So-Called Scientific Religion. SOUTHTON, Conn., Oct. 5.—The adjournment of the anniversary meetings of the New England Baptist Association was preceded by a lively debate, occasioned by a sensational attack on the Newton Theological Seminary, near Boston, and the University of Chicago. A resolution was presented, asking that all of the churches in the association be asked to take a collection for the Newton Theological Seminary. It was announced that John D. Rockefeller had promised to make the institution a gift of a similar amount could be raised in other quarters. The Rev. T. A. T. Hanna, of Shelton, opposed the resolution in vigorous language, and in the most eloquent manner. He declared that the Newton Seminary was a hotbed of heresy, and that its instructors lead the pupils from the true faith of the Bible to the shifting quacksand of the new so-called scientific religion.

CHICAGO, Oct. 5.—An accredited representative of an English syndicate to-day contracted for 750,000 tons of Alabama coal to be delivered at some point on the Gulf coast of the United States to extend over a period of two years. At what point the coal is to be delivered is not stated, but the parties interested are said to own valuable terminals below New Orleans, and it is therefore presumed that this Alabama coal will go to New Orleans for shipment to Europe.

NAVAL BATTLE. (CONCLUDED FROM FIRST PAGE.) discussion among the powers, in which the United States was concerned, and which was by France before M. Delcasse put himself into communication with the powers. Meanwhile the government organ, continuing the attack, issued a special change of front, making use of some extremely large arguments. For instance, the organ declared that the United States was guilty of "misunderstanding" the September convention, pretending that the expression "surrender" was a technical equivalent for "ascertain the guilty."

PROHIBITIONISTS EXPOSED. Representative of New Voice Says Party Is Strictly Political. ELKHART, Ind., Oct. 5.—The real motive of the prohibitionists has been betrayed by one close to the powers, and the betrayal is recorded by Colonel Conner, Democratic member of Congress, who edits his paper, the Elkhart Post, in this city. He says that the prohibitionists are not in the interests of the Republic, but are in the interests of the Republic's enemies.

INDIANA NOTES. Edward Toney, of Richmond, has sued Gaar, Scott & Co. for \$5,000 for personal injury. Mr. and Mrs. James Kyle, of Terre Haute, celebrated their golden wedding yesterday.

HAD GREAT MEETINGS. (CONCLUDED FROM FIRST PAGE.) followed this with an exposition of the Republican position on expansion, and closed with an appeal to carry the flag wherever it is raised. The first stop of the day was at Waterloo, N. Y., where the speaker was Governor Roosevelt. Governor Shaw, of Iowa, and Judge Curtis Guild, followed by several other prominent Republicans. The Governor Roosevelt said in part: "I appeal to you on two points. In the first place, I appeal to the wage worker, the farmer, the manufacturer and the merchant. I appeal to you to stand up and serve the conditions under which this Nation has advanced during the past four years. I appeal to you to stand up and serve the conditions under which this Nation has advanced during the past four years. I appeal to you to stand up and serve the conditions under which this Nation has advanced during the past four years."

Hydrophobia in Tennessee. CHATTANOOGA, Tenn., Oct. 5.—The prohibition special, with John G. Woolley and party aboard, arrived here from Hariman Junction at 9 o'clock this morning. The forenoon was spent on Lookout mountain. At 3 o'clock a two hours' meeting began at the Auditorium in spirit of a shower, about 1,500 persons attended the evening rally which was held in the Auditorium at 8 o'clock. The special will leave at 1:35 Saturday morning for Nashville. The schedule embraces stops at Madisonville and Henderson, and will arrive at Owensboro, Ky., and arriving at Louisville at 7:30 o'clock for the evening meeting.

ON HIS WAY TO PEKING. Li Hung Chang Probably Left Tientsin Thursday—Other Movements. TIENTSIN, Wednesday, Oct. 3.—The orders given to Li Hung Chang, the commander-in-chief of the Chinese army, to go to Peking, were not carried out. Li Hung Chang has been countermanded. A landing party from the British armored cruiser Aurora has occupied Ching-Wang-Tao. An order has been sent to Shanghai for the immediate delivery of a plant for the construction of a branch railroad from Tang-Ho, on the gulf of Loos-Tsun, to Ching-Wang-Tao, for the erection of a pier to receive the British armored cruiser Aurora.

YOUTSEY TRIAL IS ON. Judge Cantrell Refuses Special Process for Defense's Witnesses. GEORGETOWN, Ky., Oct. 5.—When the Youthey case was called this morning in the Circuit Court the list of witnesses that the sheriff of Breathitt county had failed to summon was called, but none answered present, though the returns showed that all had been summoned since Wednesday. Mr. Crawford reported that the sheriff of Knox county had made no response at all to the rule, and said that the defendant wished to await a response from Judge Cantrell, the defense had been given ample time to prepare for trial, and must now proceed if the commonwealth insisted on trial and the judge ordered the regular panel of jurors to be called.

Former Controller of the Currency Outlines Sound Money Views. CHICAGO, Oct. 5.—James H. Eckels, ex-controller of the treasury, spoke in the Auditorium to-night to an audience that packed the great hall as tightly as it could be packed, hundreds of people being turned away. The meeting was under the auspices of the Business Men's Sound Money Association and embraced men of all parties who oppose the 16 to 1 plank of the Democratic platform. Mr. Eckels was introduced by William Davis, of Chicago, president of the Amalgamated Association of Iron and Steel Workers, who made a stirring speech in the Iron and Steel Workers' name, who were strongly represented in the audience.

Stops the Cough and works off the Cold. Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cents.

IT CURES YELLOW FEVER

SERUM DISCOVERED BY A YOUNG ITALIAN SPECIALIST. He Wins the \$100,000 Prize Offered by the Mexican Government—Remarkable Cures of Bad Cases. CITY OF MEXICO, Oct. 5.—One hundred thousand dollars is the prize which Dr. Angel Bellinzaghi, a young Italian specialist, may win as the prize for the discovery of a serum which cures yellow fever. Several years ago the Mexican government made a standing offer of \$100,000 to the discoverer of a remedy for yellow fever, which every year is epidemic in the lower Gulf ports and on the Isthmus of Tehuantepec. Several eminent specialists have made experiments at the port of Vera Cruz since the offer was made. Not until this summer did any of the serum experiments with prove successful in virulent cases. At last, however, the remedy has been found. The experiments conducted at Vera Cruz were under the auspices of the government Board of Health. The commission appointed by the board to witness the experiments has just reported favorably upon their result. Part of the big prize will be paid to the doctor at once. He has been asked to make further experiments in various forms of the disease at Vera Cruz, and if they are successful he will win the entire prize. In June last Dr. Bellinzaghi came to the City of Mexico to obtain permission from the government to make experiments at Vera Cruz, where the fever was then raging. When Dr. Bellinzaghi was awaiting the customary formalities to be completed with David Kilpatrick, an American who had come to the Isthmus, he was taken ill with the fever, and he was confined to his bed for three or four days after arriving in the city. He was taken to the American hospital, where his case was pronounced hopeless. No other cases of yellow fever which had developed in this altitude had ever been cured. Dr. W. F. Farrow, physician in charge of the hospital, gave permission to Dr. Bellinzaghi to try his serum on the patient. Dr. Bellinzaghi visited the patient on the fourth day of his illness, after all hope of recovery had been given up. He administered his serum, and the patient recovered. The black vomit, a temperature which is considered fatal, his system was thoroughly permeated, and the action of the kidneys was entirely stopped, a symptom which is always considered fatal. Dr. Bellinzaghi injected twenty grains of his serum on the first day he visited the patient, and succeeded in reducing his temperature and pulse. On the second day he injected thirty grains, on the third day sixty grains, and on the fourth day eighty grains. On the second day the vomit disappeared, and on the fourth day the action of the kidneys was restored. Three days later the patient was discharged from the hospital. This remarkable achievement hastened the action of the government Board of Health, which has ordered Dr. Bellinzaghi to make his experiments at Vera Cruz. President Diaz became personally interested in the matter, and he has ordered Dr. Bellinzaghi to make his experiments at Vera Cruz. Dr. Bellinzaghi explained his serum and its theory particularly, and the President was highly pleased.

Strikers in and Around Shenandoah Are Preparing for It. SHENANDOAH, Pa., Oct. 5.—Arrangements have been completed by the local branches of the United Mine Workers for a big parade and mass meeting here tomorrow night. Invitations have been extended to all the strikers in the Shenandoah and Monongahela valleys. The principal feature of the demonstration will be an address by National President John M. Swann to-day send representatives to all the neighboring towns and mining "patches" to notify the unions of the proposed parade. It is estimated that the strikers will assemble in the Soldiers' Park, north of the borough, where the parade will be held. Edward J. Coyle, who was shot during the riot here Sept. 2, died early to-day. He was the only man who was shot by a widow and nine children. Coyle was not a participant in the riot. He was hit by a stray bullet.

Miners Refuse to Go Out. POTTSVILLE, Pa., Oct. 5.—The employees of the Lehigh Coal and Navigation Company, operating ten collieries in the Panther creek and Nesquehoning valleys, decided today to carry out a strike. The company has given the men a 10 per cent. increase and promised to make any other concessions granted by the big coal mining capitalists.

Secretary Wilson Returns. Secretary Wilson, of the United Mine Workers, who has been absent for two weeks, returned last night. He says conditions in the anthracite district are satisfactory to the officers of the miners' organization, but there is no settlement in view. He says the report of the clash between the State and Bryan is exaggerated and was circulated by enterprising correspondents for want of something to write about.

Struck for Lower Wages. Careless and Successful Strike in a Kentucky Coal Mine. OWENSBORO, Ky., Oct. 5.—The striking miners at Baskett went on strike for recognition of the union, carrying with it a reduction of their wages. T. C. Blair, former owner of the coal mines, never recognized the union, but paid wages averaging 5 cents more than the union schedule. The union has been recognized and the Pittsburgh strike is probably the first strike for lower wages ever made.

Big Steel Mills to Reopen. JOLIET, Ill., Oct. 5.—The billet mill and converter of the Illinois Steel Company, closed a few days ago, will resume on Monday next, employing about 700 men. The rod mills are the only important departments closed. After being idle three weeks for repairs, the Pressed-Steel Company will resume work next Monday, putting on double turn about 500 men.

No Chance for Settlement. SPRINGFIELD, Ill., Oct. 5.—The time allowed for arbitration between the Belleville and St. Louis Electric Railway Company and their striking employes expires to-morrow noon and there is little chance for a settlement.

Lost Census Agent is Found. WASHINGTON, Oct. 5.—The census bureau has succeeded in locating its missing agent, William A. Spaulding, of Washington, who has been lost for two weeks. He is in a hospital in Chicago ill of typhoid fever. He is recovering.

Floods in the Wisconsin River. WAUSAU, Wis., Oct. 5.—The Wisconsin river continues to rise, and is now thirteen feet above normal, and three feet from high-water mark. Washouts have occurred on the Milwaukee road at Pine river and Cedar creek, and all trains have been abandoned. The Chicago & Northwestern road suffered six washouts between Eland Junction and Marshfield, and traffic has been suspended.

Blair, former owner of the coal mines, never recognized the union, but paid wages averaging 5 cents more than the union schedule. The union has been recognized and the Pittsburgh strike is probably the first strike for lower wages ever made.

Big Steel Mills to Reopen. JOLIET, Ill., Oct. 5.—The billet mill and converter of the Illinois Steel Company, closed a few days ago, will resume on Monday next, employing about 700 men. The rod mills are the only important departments closed. After being idle three weeks for repairs, the Pressed-Steel Company will resume work next Monday, putting on double turn about 500 men.

No Chance for Settlement. SPRINGFIELD, Ill., Oct. 5.—The time allowed for arbitration between the Belleville and St. Louis Electric Railway Company and their striking employes expires to-morrow noon and there is little chance for a settlement.

Lost Census Agent is Found. WASHINGTON, Oct. 5.—The census bureau has succeeded in locating its missing agent, William A. Spaulding, of Washington, who has been lost for two weeks. He is in a hospital in Chicago ill of typhoid fever. He is recovering.

Floods in the Wisconsin River. WAUSAU, Wis., Oct. 5.—The Wisconsin river continues to rise, and is now thirteen feet above normal, and three feet from high-water mark. Washouts have occurred on the Milwaukee road at Pine river and Cedar creek, and all trains have been abandoned. The Chicago & Northwestern road suffered six washouts between Eland Junction and Marshfield, and traffic has been suspended.

IT CURES YELLOW FEVER

SERUM DISCOVERED BY A YOUNG ITALIAN SPECIALIST. He Wins the \$100,000 Prize Offered by the Mexican Government—Remarkable Cures of Bad Cases. CITY OF MEXICO, Oct. 5.—One hundred thousand dollars is the prize which Dr. Angel Bellinzaghi, a young Italian specialist, may win as the prize for the discovery of a serum which cures yellow fever. Several years ago the Mexican government made a standing offer of \$100,000 to the discoverer of a remedy for yellow fever, which every year is epidemic in the lower Gulf ports and on the Isthmus of Tehuantepec. Several eminent specialists have made experiments at the port of Vera Cruz since the offer was made. Not until this summer did any of the serum experiments with prove successful in virulent cases. At last, however, the remedy has been found. The experiments conducted at Vera Cruz were under the auspices of the government Board of Health. The commission appointed by the board to witness the experiments has just reported favorably upon their result. Part of the big prize will be paid to the doctor at once. He has been asked to make further experiments in various forms of the disease at Vera Cruz, and if they are successful he will win the entire prize. In June last Dr. Bellinzaghi came to the City of Mexico to obtain permission from the government to make experiments at Vera Cruz, where the fever was then raging. When Dr. Bellinzaghi was awaiting the customary formalities to be completed with David Kilpatrick, an American who had come to the Isthmus, he was taken ill with the fever, and he was confined to his bed for three or four days after arriving in the city. He was taken to the American hospital, where his case was pronounced hopeless. No other cases of yellow fever which had developed in this altitude had ever been cured. Dr. W. F. Farrow, physician in charge of the hospital, gave permission to Dr. Bellinzaghi to try his serum on the patient. Dr. Bellinzaghi visited the patient on the fourth day of his illness, after all hope of recovery had been given up. He administered his serum, and the patient recovered. The black vomit, a temperature which is considered fatal, his system was thoroughly permeated, and the action of the kidneys was entirely stopped, a symptom which is always considered fatal. Dr. Bellinzaghi injected twenty grains of his serum on the first day he visited the patient, and succeeded in reducing his temperature and pulse. On the second day he injected thirty grains, on the third day sixty grains, and on the fourth day eighty grains. On the second day the vomit disappeared, and on the fourth day the action of the kidneys was restored. Three days later the patient was discharged from the hospital. This remarkable achievement hastened the action of the government Board of Health, which has ordered Dr. Bellinzaghi to make his experiments at Vera Cruz. President Diaz became personally interested in the matter, and he has ordered Dr. Bellinzaghi to make his experiments at Vera Cruz. Dr. Bellinzaghi explained his serum and its theory particularly, and the President was highly pleased.

Strikers in and Around Shenandoah Are Preparing for It. SHENANDOAH, Pa., Oct. 5.—Arrangements have been completed by the local branches of the United Mine Workers for a big parade and mass meeting here tomorrow night. Invitations have been extended to all the strikers in the Shenandoah and Monongahela valleys. The principal feature of the demonstration will be an address by National President John M. Swann to-day send representatives to all the neighboring towns and mining "patches" to notify the unions of the proposed parade. It is estimated that the strikers will assemble in the Soldiers' Park, north of the borough, where the parade will be held. Edward J. Coyle, who was shot during the riot here Sept. 2, died early to-day. He was the only man who was shot by a widow and nine children. Coyle was not a participant in the riot. He was hit by a stray bullet.

Miners Refuse to Go Out. POTTSVILLE, Pa., Oct. 5.—The employees of the Lehigh Coal and Navigation Company, operating ten collieries in the Panther creek and Nesquehoning valleys, decided today to carry out a strike. The company has given the men a 10 per cent. increase and promised to make any other concessions granted by the big coal mining capitalists.

Secretary Wilson Returns. Secretary Wilson, of the United Mine Workers, who has been absent for two weeks, returned last night. He says conditions in the anthracite district are satisfactory to the officers of the miners' organization, but there is no settlement in view. He says the report of the clash between the State and Bryan is exaggerated and was circulated by enterprising correspondents for want of something to write about.

Struck for Lower Wages. Careless and Successful Strike in a Kentucky Coal Mine. OWENSBORO, Ky., Oct. 5.—The striking miners at Baskett went on strike for recognition of the union, carrying with it a reduction of their wages. T. C. Blair, former owner of the coal mines, never recognized the union, but paid wages averaging 5 cents more than the union schedule. The union has been recognized and the Pittsburgh strike is probably the first strike for lower wages ever made.

Big Steel Mills to Reopen. JOLIET, Ill., Oct. 5.—The billet mill and converter of the Illinois Steel Company, closed a few days ago, will resume on Monday next, employing about 700 men. The rod mills are the only important departments closed. After being idle three weeks for repairs, the Pressed-Steel Company will resume work next Monday, putting on double turn about 500 men.
